PATRICIA MILLER, by and through her Successor in Interest, Natalie Gianne; TERRY JOY, Plaintiffs, vs. ASMB, LLC; ASPEN SKILLED HEALTHCARE, INC. and DOES 1-250, inclusive, Defendants.	CASE NO. 30-2024-01439749-CU-NP-CXC ASSIGNED FOR ALL PURPOSES TO: LAYNE H. MELZER DEPT. CX-102 Action Filed: November 12, 2024 Trial Date: None Set

This matter came before the Court for hearing pursuant to the Order Preliminarily Approving Class Action Settlement and Providing for Notice, dated July 11, 2025 ("Preliminary Approval Order"), on the motion of Named Plaintiffs for approval of the proposed class action settlement as set forth in the following documents (1) the Settlement Agreement (attached as Exhibit 1 to ROA # 147), (2) the Addendum to Settlement Agreement (attached as Exhibit 2 to ROA # 169), (3) the Second Addendum to Settlement Agreement (attached as Exhibit 4 to ROA # 214), (4) the Third Addendum to the Settlement Agreement (ROA #248) (collectively the Settlement Agreement, Addendum to Settlement Agreement, Second Addendum to Settlement Agreement, and Third Addendum to the Settlement Agreement shall be referred to as the "Settlement") with the Settling Defendants. Due and adequate notice has been given of the Settlement as required by the Preliminary Approval Order. The Court has considered plaintiffs' motion for final approval of class action settlement and all papers filed in support thereof, and the Court having considered all papers filed and proceedings conducted herein, and good cause appearing therefor, it is hereby ORDERED, ADJUDGED and DECREED as follows:

1. The parties have agreed to settle the above-referenced action upon the terms and conditions set forth in the Settlement. The definitions in the Settlement are hereby incorporated as though fully set forth in this Order. This Court has jurisdiction over the subject matter of and parties to this action pursuant to article VI, section 4 of the California Constitution and Code of Civil Procedure section 410.10.

2. The Settlement, including all exhibits thereto, is finally approved as fair, reasonable, and adequate. The Named Plaintiffs, by and through their counsel, have investigated the facts and law related to the matters alleged in their Complaint, have engaged in extensive motion practice, and have evaluated the risks associated with continued litigation, trial, and/or appeal. The Court finds that the Settlement was reached in the absence of collusion, is the product of informed, good-faith, arms-length negotiations between the parties and their capable and experienced counsel, and was reached with the assistance of a well-qualified and experienced mediator, Hon. Victor Person (Ret.). The Court reaffirms its findings rendered in the Preliminary Approval Order that the proposed Settlement Class meets the requirements of Code of Civil

Procedure section 382 and Civil Code section 1781, and should be certified for settlement purposes only. The Court hereby makes final its appointments of Class Counsel and Named Plaintiffs Chiem Saephan by and through his Successor in Interest James Saephan, Patricia Miller, by and through her Successor in Interest, Natalie Gianne; and Terry Joy by and through his Attorney in Fact Vickie Joy as class representatives.

3. The Court finds that the Settlement confers substantial benefits upon the Settlement Class, particularly in light of the damages that Named Plaintiffs and Class Counsel believe are recoverable at trial, without the costs, uncertainty, delays, and other risks associated with continued litigation, trial, and/or appeal.

4. Under the Settlement, the Settling Defendants agree to pay up to $12,000,000.00. Payments of $250.00 will be made to each Settlement Class Member who is a Current Resident in the form of an automatic credit to the facility trust account of each Eligible Settlement Class Member who is a Current Resident or in the form of a check if the Eligible Settlement Class Member who is a Current Resident does not have a facility trust account. Cash payments will be made to each Settlement Class Member who is not a Current Resident who timely submits a claim form in the amount of $225.00 to all living Settlement Class Members and in the amount of $125.00 to the successor(s) in interest of deceased Settlement Class Members. A successor or personal representative of a resident of the Defendant Facilities may submit a claim form, provided that it materially complies with the requirements of the California Probate Code.

5. In addition, the Settling Defendants have agreed to a contract that requires them, for a period of at least two years, to employ sufficient staff to provide a minimum of 3.7 direct care hours per patient day. The record before the Court shows that this contractual agreement carries a substantial value and obtains fair and adequate relief for the Class defined below. The Settling Defendants have agreed to pay all reasonable costs and expenses for a third-party monitor to ensure future compliance with the adequate staffing requirement of a minimum of 3.7 direct care hours per patient day, up to a maximum total of $75,000.

6. Under these circumstances, pursuant to Code of Civil Procedure section 382 and Civil Code section 1781, the Court hereby grants final approval of the Settlement and finds that it

is, in all respects, fair, reasonable, and adequate and in the best interests of the Settlement Class.

7. The Court hereby makes final its preliminary certification for settlement purposes only of the Settlement Class (the "Class"), defined as any person who resided in, currently resides in, or who is a successor-in-interest, legal heir, and/or personal representative to a person who resided in any of the Covered Facilities during the Settlement Class Period.

8. Excluded from the Class are: (a) the Settling Defendants; any entity in which the Settling Defendants have a controlling interest; the officers, directors, and employees of any Settling Defendant; and the legal representatives, heirs, successors, and assigns of the Settling Defendants; (b) the Judge to whom this case is assigned and any member of the Judge's immediate family; and (c) any persons who filed a valid Request for Exclusion from the Settlement Class.

9. Also excluded from the Class are the individuals listed in the attached Exhibit 1 who submitted Requests for Exclusion and are therefore not bound by this Final Approval Order and Judgment.

10. A total of 54 objections to the Settlement were received by members of the Settlement Class. The Court has reviewed the 54 objections submitted by Class Counsel as part of the updated Exhibit D filed on 5/8/2026 at ROA #288. The Court rules on the objections, as follows:

• Twenty-five (25) respondents submitted an objection form but did not provide any information as to the basis for their objection. (Sub-Exhs. D-2, D-3, D-8, D-9, D-13, D-14, D16, D-17, D-22, D-23, D-28, D-29, D-31, D-32, D-34, D-35, D-41, D-43, D-45, D-46, D-47, D-48, D-49, D-50, D-54.) The Court OVERRULES these objections as containing insufficient information.

• Five (5) respondents submitted statements praising the facilities and/or the care received. (Sub-Exhs. D-1, D-4, D-5, D-12, D-27.) The Court considered these objections but OVERRULES them.

• Five (5) respondents objected that the settlement amount is too low. (Sub-Exhs. D-7, D-15, D-25, D-26, D-38.) The Court considered these objections but OVERRULES them.

• Five (5) respondents submitted statements that corroborated Plaintiffs' allegations of staffing shortages. (Sub-Exhs. D-6, D-18, D-37, D-42, D-44.) The Court considered these objections but OVERRULES them.

• Thirteen (13) respondents submitted objections raising other issues with the facilities not explicitly related to staffing shortages (e.g., poor treatment by staff). (Sub-Exhs. D-11, D-19, D-20, D-21, D-24, D-30, D-33, D-36, D-39, D-40, D-51, D-52, D-53.) The Court considered these objections but OVERRULES them.

• One final "objection" was submitted by Ruth Nemetz, who submitted an objection form, but all she wrote in the space provided for expressing her objection was: "I respectfully decline settlement." (Sub-Exh. D-10.) Substantively, this is not an objection, despite it being submitted on an objection form. Accordingly, the Court OVERRULES this objection.

11. The final number of claims for Current Residents is 2,693 for a total amount of $673,250. The final number of claims for Eligible Settlement Class Members who are not Current Residents is 4,424 for a total amount of $995,400. The final number of claims for Successor Class Members is 126 for a total of $15,750.

12. The Court finds that the prerequisites for a class action under Code of Civil Procedure section 382 and Civil Code section 1781 have been satisfied for settlement purposes only: (1) the Class is ascertainable and sufficiently numerous; (2) the Class has a well-defined community of interest; and (3) there are substantial benefits from certification of the Class for settlement purposes only that render proceeding as a class superior to the alternatives. (*Brinker v. Restaurant Corp. v. Superior Court* (2012) 53 Cal.4th 1004, 1021.) The Court further finds for settlement purposes only:

a. The members of the Class are so numerous that joinder of all members is impractical. In addition, the Class is composed of readily ascertainable persons who resided at one or more of Defendants' Facilities during the Settlement Class Period.

b. This litigation involves common class-wide issues that, absent the Settlement, would drive the resolution of the claims. Several disputed issues are common to Named Plaintiffs and the Class, including whether the Settling Defendants violated and continue

to violate California Health and Safety Code section 1430(b) by, among other things, failing to comply with California Health and Safety Code section 1599.1.

c. The claims of the Named Plaintiffs are typical of the claims of the Class. Typicality is satisfied because the conduct at issue is alleged to have caused similar harm to all Class members.

d. The Named Plaintiffs are adequate class representatives and possess the same interests in the outcome of this case as the other Class members. The Named Plaintiffs—like all Class members—resided at one or more of the Defendant Facilities during the Settlement Class Period.[1] The Court designates the Named Plaintiffs Chiem Saephan by and through his Successor in Interest James Saephan, Patricia Miller, by and through her Successor in Interest, Natalie Gianne; and Terry Joy by and through his Attorney in Fact Vickie Joy as class representatives. as representatives of the Settlement Class. The Court also finds Class Counsel adequate, based on their prosecution of this case and their experience litigating complex class actions, including cases involving understaffing at skilled nursing homes. Accordingly, the Court appoints, as Class Counsel to effectuate the Settlement: Stephen M. Garcia and David M. Medby. For purposes of these settlement approval proceedings, the Court finds that these attorneys and their law firm are well-qualified to serve as Class Counsel.

e. Named Plaintiffs contend that every Settlement Class Member would have been entitled to pursue a claim for injunctive relief under Health and Safety Code section 1430(b) as a result of the asserted inadequate levels of qualified nursing staff at the Defendant Facilities. Named Plaintiffs allege that the Settling Defendants have acted and/or refused to act on grounds that apply generally to the Class of residents at the Defendant Facilities, such that final non-monetary relief of the nature obtained under the Settlement is appropriate respecting the Class as a whole.

f. The record demonstrates that common legal and factual issues predominate

[1] Pursuant to the Settlement Agreement, "Settlement Class Period" means the following: (1) as to the Defendant Facilities named in the Action, four years prior to the filing of the Complaints in the Actions up to and including the Preliminary Approval Date and (2) as to the remaining Covered Facilities, four years prior to the Preliminary Approval date up to and including the Preliminary Approval Date.

over individual issues and resolution of this matter on a class-wide basis is superior to individual actions.

13. The Court finds that notice of this Settlement was given to Settlement Class Members in accordance with the Preliminary Approval Order and constituted the best notice practicable of the proceedings and matters set forth therein, including the Settlement, to all persons entitled to such notice, and that this notice satisfied the requirements of Code of Civil Procedure section 382 and of due process.

14. The Court hereby appoints CPT Group as the Settlement Administrator. The Court directs the Parties and the Settlement Administrator to implement the Settlement according to its terms and conditions.

15. The Settlement Administrator shall post a copy of the Final Approval Order and Judgment on the case website for a period of 180 days after the date of this Final Approval Order and Judgment.

16. Upon the Final Effective Date, Named Plaintiffs and all Settlement Class Members shall be deemed to have, and by operation of this Judgment shall have, fully, finally, and forever released, relinquished, and discharged all Settling Defendants, Covered Facilities and Related Persons and Entities from all Released Claims. Upon the Final Effective Date, the Settling Defendants and Related Persons and Entities shall be deemed to have, and by operation of this Judgment shall have, fully, finally, and forever released, relinquished, and discharged Named Plaintiffs and all Settlement Class Members from any claim arising from or related to the prosecution of the Actions.

17. Neither the Settlement, nor any act performed or document executed pursuant to or in furtherance of the Settlement or its associated agreements, is or may be deemed to be or may be used as an admission of, or evidence of, (a) the validity of any Released Claim, (b) any wrongdoing or liability of Settling Defendants, or (c) any fault or omission of Settling Defendants in any proceeding in any court, administrative agency, arbitral forum, or other tribunal.

18. Without affecting the finality of this Judgment, pursuant to California Code of Civil Procedure section 664.6 and California Rules of Court, rule 3.769(h), this Court reserves exclusive

and continuing jurisdiction over all matters related to administration, consummation, enforcement, and interpretation of the Settlement, its associated agreements, including the Staffing Contract, and this Final Order, including (a) distribution or disposition of the Settlement Amount; (b) further proceedings, if necessary, on the application for attorneys' fees, reimbursement of litigation expenses, and service awards for Named Plaintiffs; and (c) the Parties for the purpose of construing, enforcing, and administering the Settlement.

19. A final accounting hearing relating to distribution to class members shall be set for December 2, 2027, at 2:00 p.m. The final accounting status report shall be filed by no later than November 5, 2027.

For the reasons set forth above, the Court **GRANTS** Named Plaintiffs' motion for approval of the proposed class action settlement (the "Settlement") with the Settling Defendants.

IT IS SO ORDERED.

DATED: _ **July 06, 2026**_____
