**APPEARANCES**

There are no appearances by any party.

The court issues the following tentative ruling regarding Plaintiff's Motion for Preliminary Approval of Class Action Settlement, set for hearing on 07/10/2020 at 01:30 PM in Department CX101:

The court has reviewed the supplemental materials submitted by plaintiff and finds they address the identified concerns. Accordingly, the motion for preliminary approval is **granted**. The Notice submitted by plaintiff in connection with the motion shall be given to the class. The **court's website** should be included as a source of information in § IX of the Notice before it is sent.

The **motion for final approval will be heard on December 4, 2020** at 1:30 p.m. in Department CX101. For final approval as to any proposed enhancement, counsel should state the amounts the representative is expected to recover as a class member, and any other factors pertinent to the enhancement request. The high, low, and average recoveries for the class members as a whole should also be stated.

For final approval as to any request for fees and costs, evidence should be presented as to the services provided by counsel, including time records, to allow the court to evaluate the lodestar, and as to the basis for the costs claimed, including supporting documentation for all claimed costs. The court reserves any decision on fees, costs, administrator costs, and enhancements until the final fairness hearing: preliminary approval should not be construed as approval of those sums.

For final approval, any proposed order should be submitted in two formats. One copy should be filed in Word version, and another copy in .pdf with attachments, including the class notice and related forms. The class must be given notice of the time and date of the final approval hearing as part of the notice.

**No appearance (either physical or remote) is necessary on July 10, 2020.**

Court orders clerk to give notice.
